

Thomas Walton

CUWBC Honorary Secretary Election

I am currently a third year mathematician, expecting to continue at Cambridge studying an MPhil in the forthcoming year. I became involved with rowing upon arriving in Cambridge and have coxed Jesus W2 for the last five terms, including taking charge of the crew this term, so have been quite involved with women's rowing despite being male!

CUCBC experience

Much of the Honorary Secretary's role is CUCBC-based and I have lots of expertise in this area. I know the Handbook probably too well and am a reliable reference on the rules of the river! I am responsive to emails and generally glad to help out so could perform day-to-day tasks well. Additionally, I have helped umpire and run many races on the Cam, including Fairbairn's and Small Boats Regatta as well as Senior Umpiring both Lents and Mays, so can bring experience and knowledge to the CUCBC committee in their event-organising roles.

Committee experience

As JCBC Treasurer, I have been involved with a large amount of boat club admin, which will be useful experience in this position. I have shown myself to be organised and reliable in carrying out these duties and would bring this precision to the CUWBC committee. I sat on the Standing Committee of the Cambridge Union Society for two terms, taking minutes of meetings and contributing to discussion, skills I would again use as Honorary Secretary.

Enthusiasm

I am enthusiastic and keen to get involved and to help women's rowing at a higher level than in a college club. My attention to detail and precision mean that I will do the job with care and I will be as supportive to the members of CUWBC as I can. I know how good it feels to win and I would like to do what I can to help CUWBC enjoy that at Henley next year!

Proposed by Annabel Ritchie (Jesus); seconded by Ellie Goodfield (CUWBC).
