Subject: 41st OC&C Ringvaart Regatta

Dear Sir/Madam,

As organization of the OC&C Ringvaart Regatta we would like to invite you to our event. The OC&C Ringvaart Regatta is a hundred kilometer rowing marathon on Dutch water. This event is one of the biggest challenges in the rowing world. Each year 600 participants accept the challenge and take part at this challenging marathon.

This year the OC&C Ringvaart Regatta is organized for the 41st time by the student rowing association Laga. The route leads from Leiden onto the Kaag, then round the Ringvaart water, until the Kaag is passed once again on the way to Leiden, Leidschendam and finishes in Delft. After the finish every participant gets a medal and there will be a huge celebration party.

The 41st OC&C Ringvaart Regatta will take place at Wednesday, may 11th 2016. We would love your club to be represented at the regatta. Every year some international teams participate, but we are eager to welcome more international teams. Could you please inform the members of your sport club about the OC&C Ringvaart Regatta?

Just some practical information:
