		Robinson (M1)		
All marshals should meet under the railway bridge at the start of their slot for briefing				
Marshalling slots have been allocated on a one-per-crew basis				
Marshals are an important part of being able to run a safe (and fair) event - we couldn't do it without them!				
Clubs which fail to provide marshals risk disqualification for all their racing crews				
If you arrange to swap a marshalling slot, please email committee@cucbc.org and copy in the college you are swapping with.				
2 start aligners				
2 finish aligners				
2 finish judges/results takers				
2@ P&E to enforce river closure				
1 start marshal				
2-3 cycling with crews through the corners
